

SPIRIT

THE SPIRIT OF RIDERS

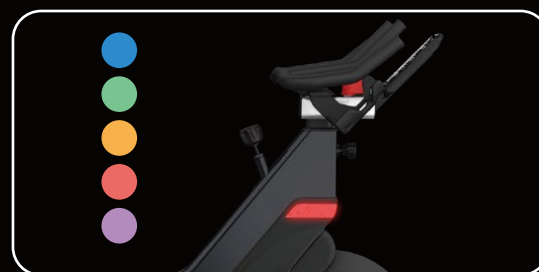

SBC900 SPIN BIKE

Stand out with the Spirit Bike. With its low-profile aesthetic, Spirit SBC900 seamlessly fits any studio. But once activated, there's no hiding the motivation that lies within. Our LED beacon, Spirit Intensity, is designed to motivate and empower riders. Strategically positioned LEDs activate in real-time, responding to each rider's performance metrics. With the vivid LED console and Spirit Connect app, light up the session with sparks and competitions. This is where innovative technology and uncompromising quality meet, with the Rider's Spirit.

Spirit Intensity

Meet Spirit Intensity, the LED lighting we created to highlight performance and giving coach easy observation of rider's condition.

User-generated power supply

The power is now yours to provide. When the pedalling starts, the power starts generating. Your bike requires no cables and batteries, with SBC900, not a single watt is wasted.

Vivid 5.5" LED console paired with Spirit apps

Visually modified, view all your metrics at a glance. Intelligently linked, SBC900 supports Spirit Connect, enabling equipment management, and creating leaderboards and classes.

That is not all, for all you riders, Spirit Club is also integrated. Pair with your bike, be one on the leaderboard, then thrive for the top. After that, download your workout sessions and track them.

SBC800 SPIN BIKE

The SBC800 takes indoor cycling to new heights of performance. With its meticulously engineered drive system, each stroke is met with a powerful yet silky-smooth pull. Courtesy of the optimized Q factor and gear ratios, the ride is as fluid as an outdoor road bike. Precisely crafted with a one-piece steel, the SBC800's rock-solid frame eliminates wobbles and maximizes rigidity. With Spirit SBC800, ride miles after endless miles.

One-piece molding and engineered drive system

Maximized rigidity, extended pulling-force, slip-resistant and flex elimination, it just keeps getting better.

Double-angled stretcher

Ergonomically designed stretcher with two angles that are proven to help riders release their muscle and joint tension.

Multi-purpose handlebars

With three ergonomically designed handlebars, seamlessly transition hand positions just like outdoor biking. Precisely adjusted angles.

Sports bar

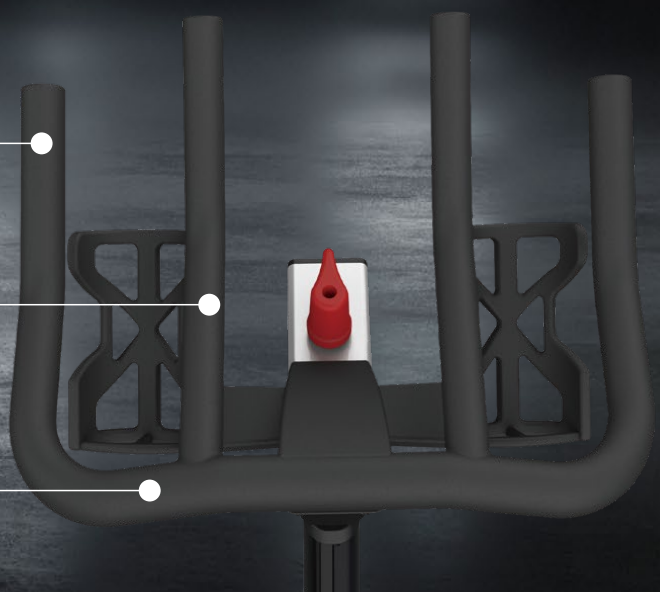

Superior control, leisurely grip it as you will.

Sprint bar

Ready up, start channelling your raw power.

Relax bar

Warm up and cool down, relieves posture tension.
