

CE980 ELLIPTICAL

The CE980 Elliptical delivers a smooth, natural pedal motion designed to reduce joint stress and enhance comfort during workouts. Its ergonomically optimized foot path ensures a low-impact experience, making it suitable for users of all fitness levels.

Built for durability, the elliptical features a robust frame and a reliable drive train system, ensuring it withstands the demands of high-use fitness environments. The clean and intuitive console layout simplifies navigation, helping users stay focused on their goals.

Designed with practicality and performance in mind, the CE980 Elliptical is a dependable choice for any fitness space, combining efficiency and comfort to support every stride.

FEATURES:

- Smooth and natural 21" stride length with a 2-degree pedal inversion for ergonomic comfort and reduced joint stress
- Durable drive system with a 30 lb. flywheel and 12:1 pedal-to-flywheel ratio for a balanced, consistent motion
- Robust poly-v belt with roller bearing tensioner ensures a smooth operation and extended product lifespan
- Sleek console design with a user-friendly interface for simple navigation and enhanced workout focus
- With 10000 hours of testing, it is built to endure heavy use in fitness facilities with a focus on reliability and long-term performance
- Wireless connectivity supports Spirit and 3rd party applications
