

XE395 ELLIPTICAL

Proper ergonomics and biomechanics, a solid feel, important real-time workout data feedback, and effective pre-set programs will help you stick with your exercise routine and achieve your fitness goals. The XE395 is designed with 20 levels of electronically controlled incline and 20 resistance levels to keep your workout challenging and effective. Our XE395 is a top-of-the-line traditional elliptical that comes with Bluetooth technology to experience connected fitness training and to listen to your favorite music or podcast during your workout.
