

CU800+

SPIRIT

The CU800+ Upright Bike was specifically engineered for the commercial environment, from its heavy-duty steel frame to its durable powder coat paint finish. Features like built-in hand pulse sensors on the multi-position handlebars, as well as the easy-to-read console with a variety built-in programs, satisfy casual and committed users alike. The extra-smooth ride comes from the perfected gearing and the integrated generator/flywheel system.

FEATURES:

- Built-in contact and telemetric heart rate capabilities for a more effective workout.
- Generator-powered console means there is no need for outlets or power cords.
- Oversized foot pedals with fast-latching system.
- Padded ergonomic seat with fore/aft/up/down adjustments for extra comfort with customizable fit.
