Users get the best of both in motivation and entertainment with the CU900ENT Upright Bike. The 10.1" touchscreen display allows users to watch TV, surf the internet and stream music while they work out. Three workout display modes gives users plenty of feedback on their performance and progress. Commercial-grade pedals, cranks and bearings provide outstanding function and durability.

FEATURES:

- Seat adjusts securely and infinitely to accommodate users of varying heights.
- Molded handlebars for comfortable fit.
- Electromagnetic resistance system provides power and 40 levels of increasing intensity.

Integrated adjustable fan
