SPIRIT

The CU900 Upright Bike boasts features that provide users with precise fit and function and a beautiful console to track performance. The seat height securely locks and adjusts at infinite increments while the molded handlebars provide ultimate comfort. Pedal motion is smooth and consistent with industrial roller bearings and 1" crank axle that can power through any climb.

FEATURES:

- Oversized 1" crank axle along with heavy duty roller bearings provide long life and reliability.
- Quick adjust seat easily slides to accommodates users of various heights.
- Easy in and out ratcheting pedals with 2-degree pedal inversion for a comfortable workout.
- Generator system allows the unit to be place in any location.
