

Spirit ISO Chest Press

SKU: SPE-PL-3000

- ✓ Designed & manufactured in our UK factory
- ✓ Conforms with ISO/CEN equipment standards
- ✓ Commercial use structural lifetime warranty

Developed in collaboration with leading fitness professionals, the Spirit Plate Loaded ISO Chest Press is the result of biomechanical excellence and uncompromising British engineering. Every aspect of this machine is designed to deliver optimal muscle activation, maximum comfort, and unmatched durability making it the perfect addition to any commercial gym or high-performance training facility.

This chest press features a spring-assisted seat with 9 positions and an adjustable back pad with 7 positions to allow safe and effective pressing for users of various size. Dual band pegs for resistance bands offer dynamic resistance options, ideal for different training techniques such as progressive overload or explosive strengthwork. Independent arms also promote balanced strength development and ensure a natural path of movement that mimics free-weight training with added control.

Manufactured in our UK factory using a combination of 80mm and 70mm steel box and high quality components for long-term durability in any environment.

Standard Colour Options

Features

Adjustable Seat

Spring-assisted adjustable seat with 9 positions for precise alignment and quick setup.

Dynamic Resistance

Includes dual band pegs for dynamic resistance options.
