

Spirit ISO Front Pivot Shoulder Press

SKU: SPE-PL-3025

- ✓ Designed & manufactured in our UK factory
- ✓ Conforms with ISO/CEN equipment standards
- ✓ Commercial use structural lifetime warranty

The Spirit Plate Loaded ISO Front Pivot Shoulder Press is built to deliver superior overhead pressing while protecting the user. Designed and manufactured in the UK from a heavy-duty combination of 80mm and 70mm box section steel, this machine provides an exceptionally durable and stable frame for commercial use.

The seat is angled to minimise stress on the lower back, ensuring safe and effective overhead training with maximum comfort. A spring-assisted 9-position adjustable seat and 7-position backrest allow precise user setup, while ergonomic handles are aligned to reduce strain on the wrists and shoulders for a natural pressing motion. Independent arms promote balanced strength development and replicate the freedom of free weights with added control. Dual band pegs are integrated to provide varied resistance options.

Standard Colour Options

Features

Adjustable Seat

Spring-assisted adjustable seat with 9 positions for precise alignment and quick setup.

Ergonomic Handles

Ergonomic handles are aligned to reduce strain on the wrists and shoulders for a natural pressing motion.

Long-Term Durability

Key components are made from stainless steel for resistance to rust, wear, and heavy use, providing long-term durability.

Adjustable Backrest

7-position backrest with premium linear bearings for ultra smooth adjustments.

Independent Arms

Independent arms allows each side of the body to work on its own.

High Impact Feet

High impact ABS plastic feet with concealed floor fixing points.

User Protection

The seat is angled to minimise stress on the lower back for safe and effective overhead training with maximum comfort.

Dynamic Resistance

Includes dual band pegs for dynamic resistance options.

Made in Britain

Designed and manufactured in Great Britain for superior build quality.
